Inspired by everyday life and the vast intricacies of being human, Vikki Gilmore crafts meaningful narratives that ring tenderly relatable. Through her music, she seeks to create a connection between listeners and their personal journeys, allowing them to draw strength in self-expression.

Her debut album *Mental Backroads*, released October 20th, features the singles *Stranded* and *Dashboard Blues*. The album follows an introspective journey of self-discovery along a metaphorical road trip through transformative life events and ever-evolving relationships with others and oneself.

Vikki's discography has accumulated over 6 million streams on Spotify. Her August 2020 single *Doubt of My Mind* landed on the iTunes Top 100 Singer-Songwriter charts in Australia, France, and the UK.

Since 2018, Vikki has opened for notable acts such as Ziggy Alberts, Damian McGinty, Still Corners, Reina del Cid, and Port Cities.

On top of her personal projects, she has been honing her songwriting craft as a featured artist on songs with EDM producers such as Rain Man, T-Mass, Sonny Alven, and Jey Vazz.
